Kilgraston Language & Activities Centre, a stunning location with incredible learning, social and sporting opportunities.

Welcome to Kilgraston Language and Activities Centre, an English language summer school packed with innovative learning, outstanding activities and fantastic trips.

Set in beautiful Bridge of Earn, just outside of Perth, it's not just a great place to learn, but also to make friends and discover a beautiful part of the world. Kilgraston is also just a 50 minute drive to Edinburgh, Scotland's capital city.

Our course is designed in such a way that learners are free to use the language with confidence. The course then continues out on the sports fields, or with the horses, or through activities that make full use of Kilgraston's impressive facilities.

Our teaching and residential staff are both qualified and experienced with all levels and ages of students. Our enthusiastic and motivated team is continually enhancing our programmes and course content in order to provide an optimum learning environment.

The facilities and surrounding landscape are truly exceptional. Students have extensive opportunities to explore this fantastic region which is very much part of our programme.

summer begins...*

Welcome to the
natural
place to learn!

Wonderful

*the best time
of my life!*

Kathrina, Germany

The natural place to go!

At the gateway to the magnificent Scottish Highlands, Kilgraston is also just a 50 minute drive to Edinburgh, Scotland's capital.

Kilgraston is a truly perfect location with the best of both worlds. Stunning mountains, rivers and coastline are just a short drive, along with the famous cities of Edinburgh and Glasgow within easy reach of the campus. Kilgraston itself is set within 54 acres of its own pristine Perthshire parkland, nestled between pastures and forest, the campus is both enchanting and welcoming.

Edinburgh and Glasgow airports are both within easy reach of the Kilgraston campus, offering links to most major European cities. Regular connections to London airports provide an even wider range of destinations via transfer. Nearby Dundee Airport also has a direct link with London Stansted.

All students/groups are met by a Kilgraston School representative to make the short journey to Bridge of Earn.

This service is also provided at the end of the summer programme. For students travelling alone, arrangements are made to ensure safe and smooth departure with check-in and passport control.

Upon arrival, a welcome induction presentation is given to all students explaining the programme, code of conduct and Kilgraston Language School policy. Passports and return tickets and any other valuables will be collected for safe keeping.

*The natural
place to be!*

The natural place to enjoy!

Students have three hours of English language instruction from Monday to Friday. This is followed by a packed schedule of activities, sports and trips during afternoons and weekends. There is also plenty of time for socialising and relaxing at our beautiful campus.

The staff are awesome

Kilgraston is magic!
I'm coming back
next year!

Ryan, China

The natural
place to learn!

The English language programme has been specifically designed to meet the needs of our learners. Through a blended learning method, our qualified native speaker teachers ensure that students who come to Kilgraston learn, have fun and leave having had a great summer.

The classroom is a great environment where students can improve their English, and when they twin that with the practical application of the vocabulary and grammar in the hockey team, in the stables, at the cinema or visiting a castle, they can really start to benefit from the English they have learned.

English speaking skills, communication skills and integration skills, in and out of class, are a key aim for Kilgraston Language School - as well as having a lot of fun.

Students are divided into classes by age group (ages 8-12 and 13-17) and by level (beginner to advanced). To maximize their experience, a minimum stay of 2 weeks is recommended. However, we do tailor courses to meet the individual requirements of the parents and their children, based on our 15 hour English specific programme that also offers menu specific options from Musical Theatre/Tennis/Equestrian/Arts & Crafts/Multi-sport/Discovery for the afternoon activities.

All afternoon activities are in English and students benefit from interaction with English speaking students from the local area.

The natural place to create

With so much talent around, Kilgraston is delighted to offer the opportunity to all budding actors and musicians the possibility to rehearse and perform in a musical.

Musical Theatre

What better way to learn and improve on your English than through music and song?!

This afternoon option is open to boys and girls who want to sing, dance and act their way to a better command of English, as well as meeting new friends from the UK and beyond.

Arts and crafts

Arts and Crafts has always been a favourite Summer School activity here at Kilgraston so now we are bringing you the option of Arts and Crafts for the afternoons too!

It is an ideal option for students who wish to make models, paint, draw, create and take home what they have done! The views are stunning from our Art Department, and with a little music, it is the perfect environment to improve your English in a natural way.

The natural place to discover

Discovery Scotland

Whether you are visiting a castle, climbing a wall, having a woodland walk or visiting the Queen's Residence at Balmoral, we have lots of things to do here in Scotland.

We go on daily excursions and find out what the history of Scotland is, which everyone knows is interesting and exciting. We will visit the world famous castles of Edinburgh, Scone and Stirling and see the monuments that have been left for us. This programme truly is one of discovery.

The natural place to play

The Kilgraston activity programme provides an integrated and diverse experience for all students.

*The horses
are amazing!
I can't wait to come back*

Anastasia, Russia

Equestrian

Kilgraston is the only school in Scotland with Equestrian facilities on campus.

Our Equestrian Centre is well equipped and includes a 60m x 40m arena, hacking track and jumping paddock. We have a good selection of horses and ponies and our teaching staff are fully qualified.

Lessons are tailored according to the abilities of each rider. The emphasis is on progression, variety and fun and each session will combine riding with stable management.

Over the course of the Kilgraston Equestrian Experience students will learn not only how to ride but also how to care for and prepare the horses.

Hockey

The varied training syllabus has been designed to deliver a programme which covers all aspects of core skill development in a fun and relaxed atmosphere.

From beginners through to experienced players, there is ample room to develop and learn new skills. General game awareness and levels of fitness is also a key theme in every student's development.

All students will be assessed and profiled accordingly with continual feedback and re assessment at the end of the course which will allow the students to maximise their camp experience.

Multi-Sports

This is the perfect option for students who love sport but simply can't choose only one! International and local students can compete together, play as team mates and learn new skills.

Multi-Sports is a little bit of everything. Swimming, Athletics, Touch Rugby, Rounders, Lacrosse, Badminton, Basketball, Netball, Volleyball and many other sports!

This programme is flexible and is run by our qualified and experienced coaches who will try to accommodate your favourite sports, even if they aren't on our list!

Our sports hall, football fields and tennis courts ensure that this very popular option is one that makes sunny sporty afternoons into memories that last.

Tennis

The tennis programme is designed and tailored for players of all abilities, from grass roots through to performance athletes.

A key objective of the Kilgraston Tennis Academy is to allow the students to learn the game in a fun and relaxed atmosphere.

The programme consists of a variety of sessions to help with the core aspects of tennis. Each session will consist of drills to improve basic skills and technique, agility and footwork, fitness and overall consistency.

Based on the player's desire and ability, there will also be a focus on competition and tactics.

Science

Our Science laboratories are where our students are able to safely discover all about minerals, gases and what makes invisible ink! Our students are invited to improve their English through fun and engaging experiments, excavations and exploration of the labs and the unrivalled surroundings of Kilgraston School.

Every day has a different theme and students can expect to make some surprising discoveries inside and outside the lab! Spaces are strictly limited as this choice is also extremely popular with local, native - English speaking children.

Double-up English

This afternoon choice puts the emphasis on the practical application of the language, through discussion and debate while looking at current and social affairs.

Students will also have the opportunity to ask teachers specific questions to understand grammar points or language use in more detail.

This option is for students who are looking to refine and improve their English skills and is for Intermediate and above learners.

The natural place to make friends

The Kilgraston activity programme provides an integrated and diverse experience for all students.

We think it's essential that all the students have the opportunity to enjoy other activities and some free time with friends. The campus is well equipped with recreation areas including table tennis, tennis courts, volleyball courts, five-a-side pitches, swimming pool, dance halls, multi-sports gym, theatre and cinema plus television and internet access.

Evening activities

Our days are packed at Kilgraston summer school and the activities extend into the evenings too. We have House Olympics on the front lawn, tennis, baking, arts and crafts, discos, karaoke, talent shows competitions, games and movies, sports and music. Our students can pick from two or three different activities per evening.

Accommodation and catering

Accommodation consists of single rooms, each with their own washing facilities and there are many social spaces.

A weekly laundry service is also provided. Our experienced catering team offer a range of delicious options every day, including an extensive salad bar and diverse meals for most international tastes. Special dietary requests can also be made in advance.

Facilities

The facilities at Kilgraston are impressive, inside and out. As well as the beautiful main building, there is also a 25 metre heated indoor swimming pool, large all-weather pitches and an impressive sports hall and gym.

Kilgraston is also home to Scotland's only school-based Equestrian Centre. The music facilities located in the main building offer individual rehearsal rooms, including a state of the art recording studio and a number of theatre stage sets large enough to host an orchestra.

Medical and Health care support

We have fully trained first aiders on site; Perth Royal Infirmary is within 15 minutes travelling distance and our local dentist within 5 minutes from the campus.

The natural place to stay

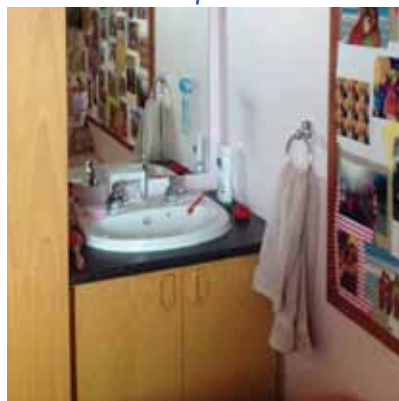

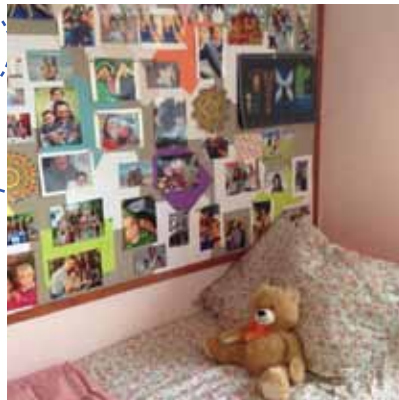

Accommodation for students at Kilgraston is both comfortable and secure. All residential boarding houses are on-site and consist of single rooms.

A full laundry service is provided for both personal clothing and all linen and towels, which is supplied by Kilgraston, as well as there being free Wi-Fi onsite and in all rooms.

Also within each house there are social common rooms for relaxing and smaller-scale activities. Each boarding house is fully equipped with heat and smoke detectors and complies with all health and safety standards, having had and passed our last inspection in December 2014. Fire Scotland (act) 2005, Part 3.

There is CCTV on campus, for safety and security.

Toilets, sinks and private shower cubicles are located within each boarding house. Accompanying staff members also have private accommodation and bathroom facilities within each boarding house. Each of the boarding houses are connected to one another and they are within 1 - 2 minutes' walk, with the Language School reception as a central point.
